

FERRARA

INTRUDER²

Intruder 2 Custom Chassis

Intruder 2 Custom Chassis Highlights:

- 330 to 450 horsepower engine
- 42,000 to 70,000+ GVWR
- Extended medium or long four door cab with a flat, 12" raised roof
- Cab is ECE-29 crash tested, built from 3/16" thick, 5052 H-32 marine grade aluminum alloy
- Seats a crew of up to 10 firefighters
- EMS cabinets on the rear cab wall or over the cab wheels

Ferrara's Intruder 2 is an outstanding custom chassis, versatile enough for many applications. The Intruder 2 is well suited as a pumper, tanker, Snozzle®, rescue, incident command, as well as HD-57 or HD-77 aerial ladder. Now available up to 450 horsepower, the Intruder 2 meets the needs of your fire department and is still budget-friendly.
